Well Done Bradwell for Another Great Carnival

EVENTS

There is no meeting of the Historical Society in August

Sat 6: Comedy Night: 7:30 pm in the Memorial Hall.

Wed 10: Rebellion Knoll WI: Summer Outing

Wed 24: Bella Hardy's Nashville Warm Up Show: St John the Baptist Church, Bamford: 8pm.

(Edale born Bella is the new Vice President of "Friends of the Peak District and is BBC Radio 2 "Folk Singer of the Year - 2014"). Tickets from www.musicglue.com/bellahardy

NOTICE OF ROAD CLOSURE

Please be aware that on the weekend of 20th and 21st August, Netherside will be closed from Bridge Street (at the traffic lights) for a distance of 150 metres north (towards the Co-Op) so that Severn Trent Water can replace a pipe under the road. We have been advised that the work may not take all weekend, but people need to plan journeys accordingly.

BRADWELL 1ST TEAM WIN AGAIN

On 28th July the Bradwell 1st football team played in the Susan Walker memorial trophy match at Silverlands. The winner of the premier league competes against a team made up of "the best of the rest". At fulltime it was 1 -1, so went to penalties - and Bradwell won 5 - 4!. This is the second year they have won and so confident were they of winning the trophy they forgot to take it back to Buxton. Clare Brown had to drive back to pick it up.

DAMAGE TO WALL ON BROOKSIDE

Early on Saturday morning 9th July a vehicle collided with the wall adjacent to our paddock on Brookside. A lamp post and the retaining wall for the road have been knocked down. The council have been called in and have made the lamp post safe and we are waiting for Highways to investigate as the road could collapse. We have also informed the police. We have recovered pieces of headlight and vehicle paint from our garden and believe the vehicle causing the incident is silvery grey with at least a smashed headlight on the passenger side. If you know anything about this and have seen a car that meets this description, or if you caused or witnessed the incident, please contact Clive and Frances Betteridge at The Sett on 621911 or 07979 645937. It will be a lot easier to sort out the damage if the person who did this owns up.

BRADWELL'S ICE CREAM

One of the sponsors for our colour supplement this month is our very own "Bradwell's Ice Cream". Founded nearly 120 years ago the brand is a respected and much loved local ice cream. It is still made with the best quality ingredients, is suitable for vegetarians, and is egg and gluten free. There are currently 20 tasty flavours from which to choose, ranging from the Traditional Vanilla, through the Classic Raspberry Ripple and Mint Chocolate to the more contemporary flavours of Cherry Bakewell, Lemon Curd and the very popular Salted Caramel, to name but a few. For a full list of flavours visit www.bradwells.com. Bradwell's Ice Cream are happy to supply supermarkets, delis, restaurants, pubs and visitor attractions. For further details on products, availability or supply please contact us on 01433 620536 or info@bradwells.co.uk

YOUTH ACTIVITIES

Over the past twelve months the number of Bradwell children attending youth club has fallen, and it has been decided that the Parish Council will explore other ways to support our young people. We will no longer be providing youth activities on a weekly basis but are planning to hopefully offer a number of different activities for Bradwell young people during the year. Our overall aim is to inspire personal and team development, build confidence and self esteem and have lots of fun in the process. Possible activities we are investigating include visits to youth hostels, outdoor centres, or sports such as football, golf and swimming. During the coming months we will be developing plans and ideas, and we will keep you updated in this newsletter. Bradwell Youth activities committee.

SUNFLOWER COMPETITION

The overall winner was **Kayla Randall** and runners up were **Vanessa Horstead** and **Bertie Stewart**.

SEND US YOUR NEWS

PC NOTES

Playing Fields & Open Spaces: Following the annual Ro-SPA inspection and subsequent inspections by the committee responsible for these amenities, a programme of improvements was agreed at the last council meeting. On Beggars Plot the wooden Tyre Traverse equipment has already been removed as this was unsafe and the Youth Shelter Perspex side wall was removed due to unsightly vandalism. The programme of remedial and improvement work to play equipment will continue over the coming months, to ensure it is kept safe and is maintained at a good standard. The committee will also consider possible acquisition of new facilities. The youth shelter Perspex walls will not be replaced.

Car Parking: Members of the newly formed car parking committee have begun by surveying all areas of the village to identify and document problem parking areas plus areas for possible remedial action. The village will be surveyed three times, during the day, during the evening and at a weekend. All findings and photographs will be retained in order to support future proposals to DCC Highways and PDNPA. So far the interim results do not show a clear pattern, but much more work remains to be done.

In order to ensure best value for the work to construct the car park on Soft Water Lane, the contractors who previously quoted (together with new contractors) have been asked to quote again against an amended work specification. Once these new quotations have been reviewed the construction contract will be issued. Quite a number of expressions of interest have been received from residents interested in using these new parking facilities. If you would like to register your interest, please contact either Cllr Granger (620416) or Steve Lawless (620329).

Brook Cleaning: Because Derbyshire County Council was not able to fund clearing work on the Brook this year, as it had in previous years, the Parish Council sought grants to cover the costs involved. Two separate grants were received a) from the Local Projects Fund budget allocated to Derbyshire Dales District Council, Cllr Furness and b) from the Members' Community Leadership Scheme allocated to County Councillor Judith Twigg. The clearing work was carried out over the weekend of 16th/17th July by two Community Payback teams and the weed extracted was disposed of by Mr. Alan Simpson. This work has greatly improved the Brook as a village amenity for both residents and visitors and will allow Bradda Dads to run the 'World Famous' Duck Race again this year.

Youth Activities: As the Youth Club has now been closed, some initial plans for activities for Bradwell young people over the winter months were discussed at the last PC meeting. It was decided that members of the Youth Club committee should meet in the near future to decide on some firm proposals for presentation at the next PC meeting.

Representation on Outside Bodies: In order to ensure that the Parish Council is aware of issues facing its partner au-

thorities and to ensure that Bradwell's voice is heard by them, parish councillors attend a number of meetings outside the parish. Recent examples of these meetings include a) attending PDNPA meetings and courses, b) attending a Hope Valley PC Liaison group and c) attending a regular Hope Construction Materials liaison meeting.

CYBER CRIME

There is a growing trend in cyber related e-mails and virus programmes, and computer users may not know how to deal with them. The police have asked us to communicate the following links, which should help residents and businesses seeking advice on what do or wishing to report a cyber related crime.

Action Fraud – <http://www.actionfraud.police.uk/>

Get Safe Online – <https://www.getsafeonline.org/>

Cyber Streetwise – <https://www.cyberstreetwise.com/>

Derbyshire Constabulary Cyber Crime Web Hub –

<http://www.derbyshire.police.uk/cybercrime>

The message is, "be aware, and always seek guidance if you suspect something is not quite right when you are using the internet or receiving e-mails".

THINK! - CAN THEY GET THROUGH?

This is a message we are continually repeating. When you park your vehicle in the village, please ask yourself, "If there was an emergency could a fire engine or ambulance get past my car?" This is what can happen if you have parked leaving too small a gap. You can't blame the emergency vehicle driver, they are probably going to save someone's life or property. So do please think before you walk away from your vehicle.

HOME ON LEAVE

Continuing our series of articles which capture memories from the early years of the First World War and records the return visits to the village. We are grateful to the chair of Bradwell Historical Society, Brian Gillham for these articles.

The group of servicemen to visit Bradwell in the second half of 1916 were Lieutenant Sylvanus Noble Dixon, Private Ernest Lee, Private Stephen Middleton, Private Fred Dobson and Private Robert Elliott.

Lieutenant (later Captain) Sylvanus Noble Dixon Princess Patricia's Canadian Light Infantry. Before his father Joseph Noble Dixon moved to Bradwell in the 1880s he had been Her Majesty's Inspector of Light Houses in the Bahamas. Two of his sons fought with British Empire Armies in WWI. Sylvanus was with the Canadians and brother Innis with the New Zealanders (12/994 Private Innis Noble Dixon Auckland Infantry Regiment 1st Battalion). Both were Bradwell born and had lived at Woodcroft before emigrating. Sylvanus was the luckier of the two brothers because although he was wounded in 1917 he did survive the war. Innis was also wounded but at Gallipoli two years earlier. By 1917 he had recovered and was in France when he was killed in action. He is commemorated at the Caterpillar Valley (New Zealand) Cemetery in France, on the Bradwell War Memorial and at the Auckland War Memorial Museum. He left a wife Esther Daisy and a son George in Auckland. Sylvanus also fought with the Canadians in the Boer War and was awarded the Queen's Medal with 5 clasps.

16324 Private Ernest Lee Coldstream Guards. In the 1911 census 18 year old Ernest was living in Station Road Hathersage with his widowed mother Annie. His occupation was given as Tempering in Pin Works.

1227 Private Stephen Middleton 5th Battalion Notts & Derby (Sherwood Foresters) Regiment. In 1911 19 year old Stephen was at home with his parents Samuel and Alice and his occupation was given as general labourer. He had joined the Foresters as a reservist one year earlier when his address was given as Hollowgate. His Army records show him as a learner driver in 1917; he left the Army in 1919.

28508 Private Fred Dobson 2nd Battalion South Staffordshire Regiment. In 1911 22 year old Fred was living at Stretfield with his parents Robert and Sarah. His occupation was that of horn comb maker. Fred's name is one of those inscribed on the Bradwell War Memorial having died in action on 5th February 1918. He is commemorated at Metz-en-Couture Communal Cemetery British Extension France.

50177 Private Robert Elliott South Staffordshire Regiment. In 1911 39 year old Robert was living in Foolow with his mother Elizabeth where he was working as a spar labourer.

BRADWELL HILL BILLY

The 2016 event was, once again, a fantastic success with many happy cyclists telling us they can't wait to return next year. As one rider wrote: "The event was brilliant, despite the early rain and mist. A great day out for a great cause. Will definitely enter again next year." We had an even better turnout this year, with about 120 riders signed up. The event's increasing popularity meant we had entrants from as far afield as Hertfordshire, Suffolk and Surrey. The Hill Billy's success is due in part to the kind support of many local people, organisations and businesses – and for this we are very grateful. Special thanks go to Bradda Dads, Bradwell Sports Club, Bradwell Village Shop, the Co-Op, Edale Mountain Rescue Team, Intrepid Brewing Company, Phil Granby and Thornbridge Brewery. We hope to run the event again next year – watch this space for more info.

MOBILE PHONE MAST UPDATE

A while ago we reported that there was a possibility a phone mast could be installed in the church tower. Rev Ian Davies has recently received the following email from Simon Talbot of Net Coverage Solutions. "Apologies for the radio silence, but we have been waiting to hear from the operator as to whether or not they still want to utilise St Barnabas for their radio base station. The operator has now confirmed that they would like to withdraw from St. Barnabas as they intend to progress with another option in the village." We have not been informed as to what or where the alternative option is.

THE DERBYSHIRE OBSERVATORY

Ever wondered about statistics for your area or needed to gather evidence to show that your community is in need of something? Having statistics could back up a funding application you're writing. The Derbyshire Observatory a Derbyshire County Council's online resource holding all statistics and data for the county and can be used to find information to demonstrate why a project is needed. The Policy Team at DCC are running a half-day session for Derbyshire Dales Voluntary and Community Groups on the morning of Friday 9th September at the Agricultural Business Centre in Bakewell. To book your place contact Derbyshire Dales CVS on 01629 812154 or email enquiries@ddcvs.org.uk

BRADDA DADS

We would like to say a BIG thank you to Tom Simpson for removing the weed taken out of the brook so that we can have our duck race.

'The Long and Half Tours of Bradwell' Fell Race will be taking place on Sat 6th Aug. We are grateful to Richard Paton for once again agreeing to organise this 33/16mile race that is proving to be an increasingly successful event both locally and nationally.

PERSONAL ANNOUNCEMENTS

DIAMOND WEDDING

To Mum and Dad (Pamela and Roy Middleton). Congratulations to two very special people on your diamond wedding anniversary all our love Darlene and Paul.

THANK YOU

Pat and Gordon Swann would like to thank everyone who sent their good wishes and get well cards during Gordon's recent illness. Thanks also to the Methodist Chapel for their card and lovely bouquet, and especially to Terry for running us around.

The Senior Football club would like to thank Lynn for hosting a "race night" on Saturday 16th July at The Shoulder of Mutton. The evening was great fun and raised more than £1200. Thank you also to everyone who sponsored races, to all the helpers on the night, and to all those who attended and joined in the fun. Your support is appreciated.

GAYNAR ANTONIA PROCTOR

We note with sadness the passing of Gaynar, who lived at Penine Cottage, Town End. She died on 27th May and the funeral service was held at Hutcliffe Wood crematorium on 17th June.

*Yesterday Has Gone
Tomorrow Never Comes
All You Have is Now*

DEFIBRILLATORS

Residents might have noticed that we now have two defibrillators installed in the village - one at the Sports Club and the other in the red phone box at Town Bottom. In case you are ever in a situation where you want to use one of them to help someone in distress, here is some guidance from East Midlands Ambulance Service.

In the event of a Cardiac arrest, anyone calling 999 from within a 500 meter radius of one of the defibrillators will be given its exact location and the entry code to gain access to the locked cabinet by the 999 Ambulance service call taker. They can then take the defibrillator to the patients side and begin using if necessary.

Once the defibrillator is switched on it starts giving the user comprehensive audible instructions on each step of its use, this means you do not require any training in order to use it. The great thing about defibrillators is they will only deliver a shock to a patient that requires one. The unit does this by carefully analysing the patient's heart rhythm, if the patient's heart is in a shock-able heart rhythm the defibrillator will charge and instruct the user to press the shock button. Remember, the defibrillator will not shock a patient that doesn't require one.

In case you are concerned that using a defibrillator might delay the Ambulance response, the answer is no, the Ambulance service will always send the quickest possible response to a patient in Cardiac arrest. Availability of a defibrillator simply means that treatment of the patient's condition can take place much sooner. For every minute that passes where no treatment is given to a patient in cardiac arrest, the chance of survival drops by about 10%. Early access to a defibrillator is vital for patient survival and only complements the work of First Responders, Rapid response Paramedics and the Ambulance staff.
